TO-DAY'S SCHEDULE.

Just as the complexion of yesterday's game at League Park had assumed a devellow mist settled over third base when Umpire Joe Cantillion knocked an impendng score in the head with his official mallet and gave the Giants an opening to forge ahead once more. Though they counted once in the opener, the Gothamites had victory wrested from their grasp just as they were about to strew posies on the grave of the rooters' hope, and it required an extra inning and the saffron-colored decision of Cantillion for them to lift their second Cardinal scalp. Big Frank Bowerman threw clods on the coffin in the tenth with his timely three-bagger at the expense of Bob Wicker, who pitched the last inning with-out a preliminary work-out. The score was

The crowd cheered frantically, and Donovan came walking up for a chance to win for his braves by a single, but the cheers just then turned to roars of disgust when Cantillion ordered Wicker off the sack and called the Giants in from the field. Of course, it did no good to expostulate, and Donovan was hiked back to the green sward along with the rest of the bunch. It didn't take a double-barreled field glass to see that Cantillion had committed a serious mistake, for the rooters, one and all, and there were quite a few New York adherents in the stands, declared themselves in no unmistakable terms. Right there was where the Cardinais lost their grasp on the game.

The Tenth Inning.

As Wicker had batted for Yerkes in the ninth the latter was out of the game, and Bob went to the rubber without any preliminary warm-up. Of course, he had poor control, and Jackson received four wide ones. Then came Frank Bowerman, who had been clouting the hall all day. Bowerman met the ball fairly, and it salled far out to right center beyond Smoot. Jackson easily scored and Bowerman chased himself around to third. Evans obligingly struck out, but George Van Hallren, the most reliable pinch hitter on the New York team, scored Bowerman on a puny fly just far enough back of third, so that neither Kruger nor Barclay could capture it. Smith hit into a fielder's choice, and Wicker's slow work in handling the ball allowed Van Haltren to go to second in safety, and no one was out on the play. Lauder filed to Farrell and Jones hit to Kruger, who retired Smith at second.

That yellow decision of the ninth inning apparently took all the starch out of the Donovanites. Donovan was an easy out and Smoot and Barclay were retired in short order.

The Giants scored in the first isning. Van

Smoot and Barclay were retired in short order.

The Giants scored in the first isning. Van Haltren hit to center and stole second, coming in on Lauder's two-bagger to left. After that, until the ninth inning, neither side warmed the plate. The Cardinals had many chances to score, and twice looked to have a sure thing, being retired on double plays in both instances. Yerkes had the best of it on the hit question up to the time of his retirement, and pitched all the way through in splendld form. In fact, the Cardinals went the whole route in good style, the work of the infield being almost flawless. But though they spparently had their opponents in a tight hole in that last inning, the combination they faced was too much for them. The Giants, perhaps, they could defeat, but not the Giants and the unpire.

season. Unless the Carcinals do some batting, it is not likely that they can negotiate a wan to-day behind o'Neill or Popp, netteer of whom have fulfilled Donovan's projectes. Frank Sparks is slated to take the asst crack at the Cardinals for New York. As to-day's game is the last of the New York series, it is not likely that Mathewson will be seen here until the Gants call again in July. He was on the field yesterday, but contented himself by lobbing up a rew with his left arm. Sparks as showing good form, and for that matter so is Koy Evans, who pulled safely out of some very tight places yesterday. Mrs. Evans and son were grand-stand spectators yesterday.

The Browns finally broke their winning streak, after bagging eight games in a row. Yesterday's game was the first they lost since the second game with Detroit at the home grounds. They still lead by one game, as the Athletics did not play yesterday.

Manager McAleer and his band departed from Caveland last night and open up a four-game series with the White Sox at Chicago to-day. They should be able to take at least two of the games. Chicago was tanned yesterday by Detroit for the third consecutive time, and is now down in the second division. After leaving Chicago the Browns will visit Washington, Boston, Philadelphia and Baltimore in turn, returning home and opening up at the Grand avenue park with Boston June 7. Jack Powell probably will take a whack at Chicago to-day.

Games like that at League Park yesterday are hard upon players, spectators and umpire alike. Personally, Joe Cantillion is a pleasant gentleman, and there is no doubt that he tries to render a fair decision on every play, but, unfortunately, some of his decisions have been so far off that there is balls.

Hartman's quick work in the fourth in-ning killed one of New York's best chances. Doyle hit and stole second. Bean drove a hard bounder to Hartman. Doyle had tak-en a good lead off second and was right on Hartman when the latter made the stop. Hartman quickly touched out Doyle and threw to first, completing the double play.

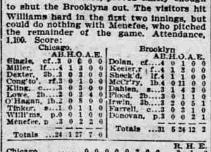

Bowerman took one of his occasional hit-ting fits yesterday. He is big enough to get extra bases whenever he can connect, and he connected safely three times yesterday for a single, a double and a triple.

Burgomaster Hartman is playing the bag in great style. Out of nine chances yester-day his only misplay was a throw to first that was about a foot wide. All the others he accepted nicely.

That Cincinnati bunch ought to be ruled off for a life for such a reversal of form. It seems that the Reds were saving up all their hits and runs that falled to materialize in the other games. That game pro will go as a record for the season, CHICAGO 2, BROOKLYN O.

Cleveland Wins Last Game of St Louis Series Through Errors in the Ninth Inning.

Both Pitch Great Ball and Neither Side Scores Until Eighth-Wood's Hit Wins for the Bluebirds.

REPUBLIC SPECIAL. Cleveland, O., May 13.-Cleveland gave St Louis her trimmings this afternoon, by the close margin of one run. The visitors had the game all but won in the ninth, but two errors, one by McCormick, the other y Wallace, let in the two runs that put the Bluebirds in the lead. Moore was or the firing line for Cleveland, and Harper in the box for the Browns. Both mer pitched great ball.

There was no scoring until the eighth in-ning, when Heidrick's two-bagger brought in the first two runs. The Bluebirds tied the score in their half by landing on Har-

the last game of the series. Gochnauer re sumed his place at short and Wood sup-planted Schreck at first, the latter having been given a short benching period. Moore was sent on the slab for the first time in night, was trotted out as a mascot by the Bluebirds.

Moore threw out Burkett. Pickering got Heidrick's fly and Flick captured Ander-son's. Pickering filed to Burkett, and Mc-

Pickering, Mcore threw out Heidrick and Anderson filed to Pickering also. In the fifth Moore retired three men with five pitched balls.

In the eighth the fun began. With two men out, St. Louis turned in two runs. McCormick singled, but was forced by Sugden. Harper went out, Bemis to Wood. Gochnauer fumbled Burkett's redhot one to short, and the ex-Clevelander stole second. Heidrick cracked out a pretty double, bringing in the tallies.

The Bluebirds returned the compliment in their half. Pickering singled, but McCarthy and Wood went out in one-two order. Flick did his duty by providing a single, and Pickering scored as he stole second. Bonner's double scored Flick. This brought the fun up to the ninth inning with the score tied. Wallace sorred on McCormick's long fly to McCarthy.

McCormick's error made Bemis's hot one safe. Gochnauer popped and Schreck, who hatted for Moore, was too anxious and side-wiped the air three times. Pickering walked and Wallace's error placed McCarthy on first. With the bases full, Wood put a pretty one between right and middle, winning the game.

## The Doctors Who Cure to Stay Cured

Varicocele in 5 Days (Safely and Painlessly), Stricture in 10 to 20 Days,

Blood Poison in 30 to 90 Days, and Nervo-Sexual Debility in 30 to 90 Days.

These are the four great destructive maladies which undermine manhood and lower the standard of vital power and durance in an inconceivably vast army of men. It is a deplorable fact, but nevertheless true, that the great majority of all men are compelled to turn away disappointed and mortified to discover that they are but weaklings, unable to enter the ranks of the vigorous and sturdy because of the debilitating effects and vicious ravages of these chronic, treacherous afflictions. The importance of early treatment for these diseases cannot be too strongly emphasized; they will never cure themselves, but, on the contrary, are constantly becoming more aggravated, and in time, if neglected, will break down the strongest constitution and fill your whole future with misery, suffering and woe. Many men make the grave mistake of selecting the cheapest treatment obtainable, and consequently are disappointed in the result. Skilled service is always cheaper in the end and much more satisfactory. Because you have tried other treatments and have been disappointed is no reason why we should fail; we claim many advantages over the ordinary physician, who lacks the knowledge and experience so necessary in specialty cases. Years of devoted study and extensive experience in the treatment of male diseases, and our ever-readiness to adopt every improved, curative, scientific discovery have enabled us to evolve unapproachably perfect methods, distinctively our own, for the cure of these prevalent, destructive aliments and their many reflex complications.

We treat all patients personally; you see no substitutes. We understand thoroughly the diseases which constitute our specialty, and you can depend upon it we will treat you honestly and fairly, just as we would want to be treated if our positions were reversed. If your health and manhood are slipping away, you cannot afford to delay. We guarantee a permanent and lasting cure or fee refunded. Cast side your modesty. Call and be examined Free.

### Varicocele vs. Vitality.

Varicoccie is a weakened and brokenorgans is involved. The glands are denied the proper quantity and quality of blood, and in consequence of the stagnation the so does the sexual vigor become. all traces of disease and weakness, but the is tenfold more injurious during the summer months. The heat causes a relaxation of the tissues, and the congested veins are distended with unhealthy, superheated blood, which certainly endangers the health of every Varicocele sufferer. Your physician advises a suspensory, or gives you medicines to relieve the nervousness, etc., but they give only temporary relief and stimulation. A suspensory simply hides your deformity; you confess your weakness by wearing it. You may flatter yourself and think that you are as strong as formerly. Don't deceive yourself; this disease has wrecked stronger men than you. Are you the man you were before this disease stole upon you? Answer yourself honestly, and come to us for a safe and lasting cure.

#### Stricture Sufferers.

Stricture and gleet are the two destructive maladies which go hand in hand for evil in the male genito-urinary system. They never cure themselves, but on the contrary are ever becoming more aggravated, and if neglected or improperly treated are certain to result in Bladder and Kidney complications of a serious and fatal nature. The method of cutting and dilation employed by most physicians is harsh, unscientific treatment, and cannot be too strongly condemned, for it invariably leaves the patient in a worse condition than before.

Our cure for Stricture is safe, painless and permanent, and free from surgery in any form. Our treatment, besides possessing wonderful healing and curative powers, is anti-inflammatory, antiseptic and germicidal; and the cure is accomplished without suffering or personal inconvenience, in a thorough and radical manner. We can promise every sufferer from Stricture and Gleet complete and lasting freedom from the many annoying and distressing symptoms which accompany these conditions. Every obstruction in the urethra is forever removed, all discharge soon conses, inflammation and soreness are allayed, the ulcerated canal health perfected, the prostate gland reduced in size, the sexual system is invigorated and a complete restoration to normal health perfected.

## Contagious Blood Poison,

Once the virus of Specific Blood Poison has polluted the blood, it is important that you take immediate steps to be purged of it. It is an imperious and cruel master; the rich and poor alike fall at its withering touch. If you have sore throat, mucous patches, pimples, copper colored spots, sores and ulcers, bone pains, falling hair, or any symptoms of this disease, in either primary, secondary or tertiary stages, come to us and be entirely and forever rid of it. Our treatment is a specific in the true sense of the word; it quickly destroys the virus, clears the skin, purifies the blood and thoroughly cleanses and eradicates all traces of poison from the system. Not only are all traces of the disease removed, but you are freed from all danger of recurrence or transmission. Have you intrusted your health to incompetent druggists or physicians, or relied on patent medicines to carry you through? Does his poison still lurk in your system? Can you afford to marry, knowing that you will contaminate your associate and hand down this curse for generations to come? Consult us at once.

## Nervo-Sexual Debility.

Young Men.

Have you yielded to tempiration, and become a victim of that harmful, victous and solitary practice of self-abuse so prevalent and destructive among most young men? You are realizing the baneful effects. Your callow, pimpled face, dark-circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world your folly, and tend to blight your existence. Nocturnal dreams, exhausting losses of vigor, etc., are a co., stant drain on your vitality, and will surely lead to an untimely end. Do not despair; we can prepare you for the duties and pleasures of married life and make you once more a man among men.

Middle-Aged Men.

For some of the sins of your youth you have no doubt already paid the penalty. Dissipation and sexual excesses have been added to your list of transgressions. Private and blood diseases have ravaged your system and undermined your already weakened vitality. Your neglected weaknesses have developed into organic diseases. You are not the man you should be. You lack the power, energy and confidence which are so precious and necessary to perfect manhood. You are old before your allotted time, but if you will awaken to a realization of your true condition and take steps to have it remedied there are yet many golden years in store for you.

Are you one of the unfortunates who have made a wrong commencement and failure in life? Is your weakened system crying out for help? You are nervous, irritable and despondent; every organ of your body seems deranged; you are growing weaker and weaker sexually; your manhood is on the decline and will soon be lost unless you do something for yourself. Our long experience has rendered us thoroughly familiar with all the causes and effects of Nervo-Sexual Debility, and we have lifted up enough fallen men to make an army. Our treatment will remove all the ill effects of your former folly, stop every loss and drain on your vitality, invigorate the wasted sexual organs, clear up the clouded brain; in fact, will strengthen you in every way and quickly restore you to what nature intended—a healthy and happy man, with physical, mental and sexual powers complete. Avoid the many cheap, worthless remedies on the market; they are but temporary stimulants; the treatment we employ contains no injurious drugs and leaves no bad after-effects; it builds up gradually and permanently strengthens the weakened parts.
